LENSE GRINDER INSTALLED.

Watkins & Bergquist have just installed a lense grinder in their optical department which will enable them to do all the lense work right at home instead of sending it out of town. The optical department will be under the personal supervision of Dr. Watkins, who has been in the district for the past ten years.

Pat Cleary manager of the Guarantee Painting Company has just completed decorating the interior of the McWhorter candy palace and it is now one in fact as well as in name. He had a force of men at work on the building night and day for the past week and it is now one of the most beautiful stores on Main street. 207 (Advertisement).

LOWELL PLAZA FOR AUTOS.

That the plaza in Lowell will be the future headquarters for the autos for hire, is the hope of Merchants and business men of that city, who have taken the matter up with the auto men. The present system of parking the for-hire cars along the street is said to prove discommoding to the large number of patrons who motor to the stores, and interferes with the loading and unloading of the supplies. It is understood the auto men welcome the change, and final arrangements for the move are expected to be made Monday.

BROUGHT UP FROM DOUGLAS.

United States Deputy Marshal James McDonald returned from Douglas last evening, bringing up a man named William Johnson, who is charged with forging the name of another man named William Johnson, to a U. S. money order, and securing the money amounting to \$40 thereon. The alleged crime occurred several months ago. The worst feature of the affair was that the Johnson to whom the money belonged had sent for it so that he could get married and on account of his not getting it, had to postpone the wedding. The prisoner will be held here until tonight when he will be taken to Tucson to answer to the indictment that was found against him.

LOWELL STREETS TO BE FREE OF POLES

Lighting And Wire Lines To Be Cleared From Main Highway Of City

Champions of civic beauty gained an important point in Lowell yesterday when they arranged for the removal of all electric lights and telephone poles from the main streets to Calumet and Arizona company ground.

In other words, Lowell will be "the poleless city," a move bound to improve the esthetic feature of the little city by a big margin.

The move was made possible through the generosity of Captain John C. Greenway of the C. and A. in permitting the poles to be placed on the company property. The move meets with thorough accord by the Mountain States Telephone company and the Bisbee Improvement company which own the lines in question. In the main, the change will be made without cost to the city.

IS SERIOUSLY INJURED IN MINE AT GLEASON

Jack Wickstrom, Shift Boss Has Leg Broken And Injured Internally

Advices were received here yesterday to the effect that John Wickstrom, formerly of this city, had been seriously injured by a cave in at the mines of the Shannon Copper Company at Gleason.

Wickstrom, was employed as a shift boss at the mines and it was reported to him that some of the ground in one of the stopes was caving and that some of the men were in danger. He went down to investigate and just as he reached the place the ground gave way and he was caught by some of the timbers. He left leg was broken in three places and it was thought that he was internally injured.

His mother, Mrs. William Morris and his sister, Mrs. M. Doyle and brother, William, left for Gleason as soon as the word was received. It was their intention to have him brought to this city, but Dr. Shroud of Gleason refused to let him be moved until it was definitely known what the extent of his injuries were.

Mr. Wickstrom has a wife and two children living at Gleason. He was raised in Cochise county and has many friends that hope that his injuries will prove serious.

BERKELEY ATHLETES TRAIN TO GO EAST

BERKELEY, Calif.—After two most strenuous meets, Coach Walter Christie is sending his track and field athletes through light work-outs daily. Within the next two weeks 10 men will be picked from the squad to represent the university in the Eastern intercollegiate. Although no attempt has yet been made to select the team, four star athletes—Glenrobert, Nichols, Maker and Liversedge—are sure to go.

California is not likely to place in any of the track events of the I. C. A. A. meet, but they will figure prominently in the field events.

Our impressions of the Pacific Realty House. Being first in the District to build and occupy one of these California houses, Mr. McLain requests, that for the benefit of prospective home builders, wife and I give testimonial. And it pleases us to state, that we are positively proud of our little bungalow. All materials, first class and a plenty to complete the job; all nails, stains, paints, screens, a neat and durable interior wall and ceiling finish, in short everything necessary to construct a strong, lasting, convenient and attractive home, at a price that commends.

Also our business relations were most satisfactory and we cheerfully recommend Mr. McLain as fair and liberal in his dealings.
